FREE Load Checking Training

Hazardous and other prohibited waste are not allowed in solid waste facilities. These facilities are required to implement load checking programs.

These **FREE** trainings will cover topics relevant to personnel directly involved in load checking programs. The basic training class is designed for staff directly involved in conducting daily load checking activities. The supervisory class provides the additional training listed below.

Basic

- Identification of hazardous and other prohibited wastes
- Load checking techniques for site surveillance and inspections
- Safety precautions
- Basic waste handling
- Hands-on load checking practice
- Spill cleanup procedures

Supervisory

- Waste segregation and management
- Hazardous materials transportation
- Load checking program evaluation
- Recordkeeping requirements
- Permitting considerations
- Emergency response

Attendees should also attend the Basic class

Time and location to be provided upon reservation

This **free** training is provided by the Rural Counties' Environmental Services Joint Powers Authority (ESJPA) that has received a USDA Rural Development Grant to offer free trainings at rural locations.

Each attendee will receive the Updated, Rural Survival Guide to Universal Waste and Appliance Management binder and CD, a training packet, and an individual training certificate.
